**The B/E & A Advantage . . .**

B/E & A Restoration Parts, Inc. is very proud to be the premier and largest single supplier to the restoration hobby.

B/E & A Restoration Parts, Inc. has a very simple philosophy: produce the absolute best reproduction parts without compromise. B/E & A Restoration's goal is to produce the complex parts. These parts are made with current manufacturing technologies that include true injected molded plastics lenses, pot metal castings and stamping dies.

**About B/E & A . . . .**

The owners of B/E & A Restoration Parts, Inc. have been in the MOPAR hobby for over 20 years and have first-hand knowledge of the restoration industry. They have experienced the problems associated with searching for good original parts only to settle for "that will have to do," not to mention the feeling associated with paying too much for the part.

Because of our genuine passion for this hobby, B/E & A Restoration Parts will be right the first time.

**Why B/E & A . . . .**

B/E & A controls all tool manufacturing, production and part testing for every part we manufacture. Our personnel work on-site, directly with the tool makers, to insure the quality of prototype parts prior to the manufacturing of a production part.

B/E & A Restoration owns and warehouses all of its tooling. All parts sold by B/E & A Restoration are made by B/E & A Restoration. With this philosophy, B/E & A Restoration guarantees quality.

**Your Largest Single Manufacturer of Mopar Authentic Restoration Products!**

# B/E&A Mopar Authentic Parts are Available ONLY through B/E&A or an Authorized Retailer

We strive to forge relationships with other manufacturers by leveraging our resources to efficiently produce parts under an exclusive supply arrangement and not introduced into the B/E&A distribution channels.

Contact B/E&A for more information regarding this program.

## Mopar Collectors Guide . . .

B/E&A print advertisements can be viewed each month inside the Mopars Collectors Guide.

## MOPAR Magazine . . .
